HILTON ENTERPRISES

Trusted Worldwide Since 1970

Hilton Enterprises, established in 1970, is a global leader in the manufacturing and export of **safety gloves, industrial workwear, socks, home textiles** and **fashion & lifestyle apparel**. With over 50 years of excellence, Hilton has become a **trusted** name for delivering products that meet **international quality standards** with reliability, durability, and safety at the core.

As a leading name in the safety and protective gear industry, Hilton Enterprises caters to a **wide range** of sectors including construction, oil & gas, industrial manufacturing, logistics, automotive, welding, and more. Our **world-class manufacturing** facility in Faisalabad, Pakistan is equipped with the latest technology, skilled workforce, and robust **quality control** systems to ensure every product exceeds expectations.

Whether you're a distributor, importer, wholesaler, or private label brand, Hilton offers scalable solutions, OEM manufacturing, and tailored packaging to suit your market needs.

Why Choose Us

Reach

Supplying trusted safety products to North America, Europe, the Middle East & Asia.

Manufacturing

In-house production with strict quality checks at every stage.

Delivery

Experienced export team ensure fast lead times and responsive service for orders.

Range

Extensive product line spanning industrial gloves, safety wear, workwear, socks, and home textiles.

Quality

ISO, CE & EN certified – guaranteeing durability, safety, and superior performance.

Sustainability

Fair practices, eco-conscious processes, and responsible sourcing.

SUSTAINABILITY & IMPACT

Building a Safer World, Responsibly

At Hilton Enterprises, we believe that **responsible manufacturing** goes beyond just **quality** – it includes ethical sourcing, environmental care, and fair labor practices. Our long-term **commitment** to Corporate Social Responsibility (CSR) is reflected in every glove we stitch and every product we ship **worldwide**.

We aim to minimize our environmental footprint, protect **worker rights**, and support **sustainable** industry standards – helping **build** a safer and greener **future** for all.

Certifications & Audits

Sustainability & Ethical Standards

We are committed to:

- Ethical Sourcing
- Fair Labour Practices
- Sustainable Production

PPE Compliance

Hilton products comply with global PPE directives and standards, making them suitable for export to Europe, North America, the Middle East, and beyond

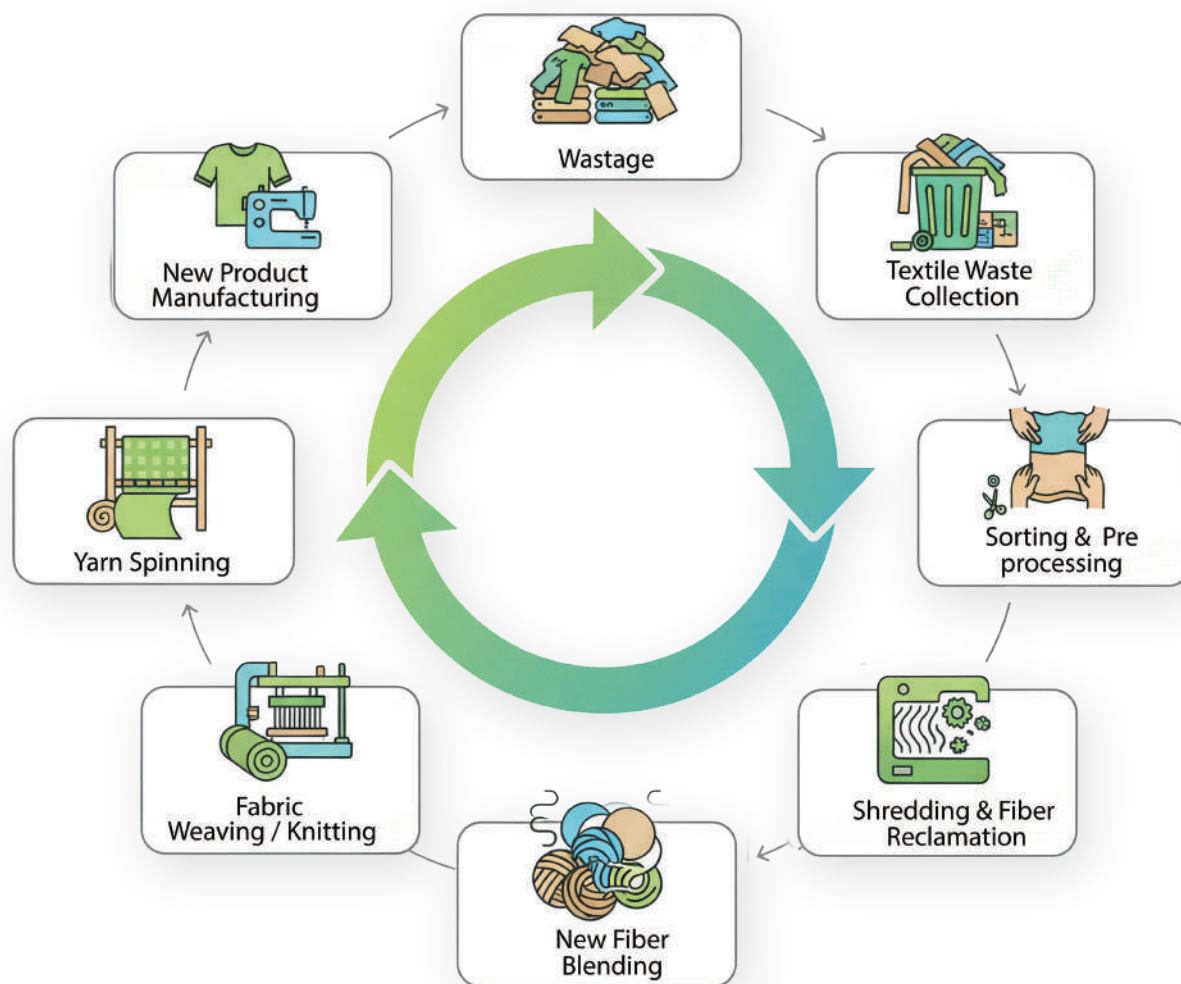

Protection Standards

FABRIC RECYCLING JOURNEY

From waste to woven innovation.

Our fabric **recycling journey** starts with responsibility – transforming production **waste into renewed resources**. Every thread, offcut, and leftover material is given a second life through a closed-loop recycling process that minimizes environmental impact and supports a greener textile future.

LEATHER GLOVES

Strength • Safety • Durability

Hilton Enterprises presents a comprehensive range of leather gloves crafted to withstand the toughest industrial environments while ensuring comfort and performance. Designed for industries such as construction, welding, oil & gas, metalworking, agriculture, and general handling, our leather gloves combine protection, durability, and ergonomic fit, making us a trusted partner for professional buyers worldwide. Our **portfolio includes grain leather assembling gloves** for precision tasks, single and **double palm canvas-back** styles for reinforced durability, and **coolie gloves** with

knit wrist for comfort. For heavy-duty operations, we offer **welding gloves** with reinforced palms, piping, or TIG designs for maximum heat resistance, while **hi-vis safety gloves** enhance visibility in outdoor environments. In addition, **Thinsulate™ lined** and cold-resistant leather gloves provide warmth for winter conditions, and **tactical styles** deliver superior grip and protection for security and field use.

LEATHER TYPES WE USE

Every leather glove begins with the **careful selection** of **premium hides** — chosen for their specific performance characteristics, comfort, and durability. Our extensive sourcing and tanning partnerships allow us to manufacture gloves using a wide range of leather types, tailored to different industrial and professional requirements.

Cowhide Leather

Durable, abrasion-resistant, and ideal for heavy duty gloves used in construction, welding, and general industrial applications.

Goatskin Leather

Naturally soft, flexible, and offering excellent dexterity, commonly used in driver and assembly gloves.

Sheepskin Leather

Smooth texture and superior comfort, suitable for dress and utility gloves requiring a refined finish.

Buffalo Leather

Strong, rugged, and resistant to wear, perfect for high-stress environments like rigging and material handling.

Applications & Customization:

Each leather type is available in **grain** or **split** finish, with options for lining, padding, reinforcement, and **color treatment** to match the glove's end use. Whether your requirement is **heat resistance**, grip, comfort, or economy, Hilton ensures the right material for every purpose.

Code : **HE-707**

Single Palm Canvas Back

Product Overview

Durable gloves with a reinforced single palm. Designed for rugged applications such as construction, farming, and material handling, offering extra durability where wear and tear is highest.

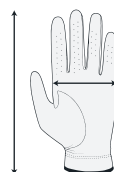

Technical Information

- **Material:** Split leather palm with canvas back
- **Design:** Gunn cut, rubberized cuff / knit wrist
- **Options:** Plain or lined (flannel/fleece)
- **Colors:** Natural canvas back with grey/colored leather palm
- **Packing:** 1 pair/polybag | 120 pairs/carton
- **Case Dimensions:** 68 x 44 x 46 cm
- **Case Weight:** ~32 kg

Customization Available

Palm material, lining, cuff type, color options, logo printing
OEM/private label packaging.

Dimension (Inch)

Double Palm Canvas Back

Product Overview

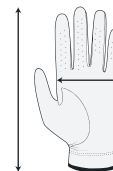

Gloves reinforced with double layer split leather on the palm for maximum durability. Ideal for heavy-duty applications such as construction, mining, and material handling where extra protection is required.

Technical Information

- **Material:** Split leather double palm with canvas back
- **Design:** Gunn cut, rubberized cuff/knit wrist
- **Options:** Plain or lined (flannel/fleece)
- **Colors:** Natural canvas back with grey / colored leather palm
- **Packing:** 1 pair/polybag | 120 pairs/carton
- **Case Dimensions:** 68 x 44 x 46 cm
- **Case Weight:** ~34 kg

Customization Available

Leather type, double palm reinforcement style, lining, cuff type gauntlet logo printing, OEM/private label packaging.

Bio Liner Cold Resistance

Product Overview

Premium leather gloves lined with bio-liner insulation for reliable cold resistance.

Built for comfort, durability, and warmth, ideal for cold storage, outdoor industrial work, and construction in low temperature.

Technical Information

- **Material:** Full-grain/split leather
- **Design:** Gunn cut, straight / wing thumb, safety cuff
- **Options:** Unlined (standard) or insulated with bio liner for cold resistance
- **Colors:** Natural leather tan, grey, or dyed
- **Packing:** 1 pair/polybag | 120 pairs/carton
- **Case Dimensions:** 68 x 44 x 46 cm
- **Case Weight:** ~35 kg

Customization Available

Leather type, thumb style, lining type, cuff type logo printing, OEM/private label packaging.

KNITTED & WOVEN GLOVES

Versatility • Protection • Performance

Hilton Enterprises presents a comprehensive collection of knitted and woven gloves designed to meet the diverse needs of industries including packaging, handling, construction, light engineering, and general-purpose work. Our portfolio combines functionality with durability, positioning us as a trusted supplier for professional buyers worldwide.

From **seamless knitted gloves** available in **multiple gauges** for dexterity, to **interlock gloves** suited for light-duty handling, and **jersey** or **drill fabric** gloves that balance

comfort with economy, we provide solutions for everyday use. For added performance, **PVC dotted gloves** enhance grip, while **canvas** and **clute cut chore gloves** deliver rugged reliability in demanding conditions. For high-risk environments, our **Kevlar® gloves** ensure superior cut and heat resistance. Backed by customization in fabrics, gauges, coatings, and private labeling, Hilton is your one-stop source for bulk glove solutions.

Code : **HE-917**

Nylon Gloves

Product Overview

Lightweight gloves made from high-strength nylon yarn. Designed for excellent dexterity and comfort in inspection, electronics, precision assembly, and also available as formal parade gloves.

Technical Information

- **Material:** 100% nylon or nylon/spandex blend
- **Design:** Seamless knit with elastic wrist cuff
- **Options:** Plain, PVC dotted, PU palm coated, or Parade Gloves (formal/dress use)
- **Colors:** White, grey, black, or custom dyed
- **Packing:** 1 pair/polybag | 300 pairs/carton
- **Case Dimensions:** 58 × 36 × 40 cm
- **Case Weight:** ~19 kg

Customization Available

Yarn blend, gauge, coating type, parade-style finish, logo printing, OEM/private label packaging.

WORKWEAR

Engineered for Safety, Designed for Performance

Hilton presents a comprehensive collection of PPE workwear designed to meet the demanding requirements of industries including construction, logistics, oil & gas, manufacturing, maintenance, and general industrial operations. Built on a foundation of safety, comfort, and durability, our workwear range is trusted by professional buyers worldwide for its dependable protection and long service life.

From high-visibility safety jackets, reflective vests, industrial coveralls, and overalls to heavy-duty bibs, protective uniforms, and specialized work garments, Hilton delivers purpose-built solutions that perform in the toughest environments.

Each piece is engineered to enhance visibility, ensure protection, and provide ease of movement, allowing workers to operate safely and efficiently under any condition.

Our Hi-Vis collection meets international standards for visibility and protection, keeping workers seen in low-light & high-risk zones, while our heavy-duty workwear ensures superior resistance to environmental stress.

Designed with breathable yet durable fabrics, ergonomic fits, & secure fastenings, Hilton PPE combines comfort with safety – an essential factor in maintaining on-site productivity.

HOME TEXTILE

Designed for Living, Built to Last

Hilton Enterprises proudly introduces its premium Home Textile Collection, designed to combine comfort, durability, and timeless style. Crafted for hospitality, retail, and institutional clients, our range is built to deliver long-lasting performance and refined aesthetics – making it ideal for both commercial and residential settings.

Our collection features luxurious towels known for superior absorbency and softness, alongside premium bedding sets including bedsheets, duvet covers, comforters, and pillowcases all woven from high-quality fabrics that ensure exceptional comfort and durability. Each product is developed with meticulous attention to detail, from yarn selection and weaving to finishing and packaging.

Backed by advanced production and finishing facilities, Hilton offers complete customization, OEM, and private-label services. Clients can specify GSM, fabric blends, weave patterns, colors, and packaging to align with brand identity and quality standards.

At Hilton, we don't just manufacture home textiles – we create lasting impressions through products that combine practicality, elegance, and enduring value.
